

The Opole University Business Incubator (OU BI)

Dla Studenta

The Opole University Business Incubator (OU BI) is a university-wide entity. Its purpose is to facilitate entrepreneurship, establish partnerships between the academia and business and help students develop their entrepreneurial skills. The OU BI offers companies and individuals the option to rent coworking office space. Its building has been remodelled to accommodate 13 desks, making it a perfect solution for freelance professionals. If you are tired of working at home, it is time to rent your first office.

OU BI has received the innovation centre accreditation of the Ministry of Development. This allows it to conduct more research to benefit companies with the use of EU funds.

The main purposes of the OU BI include:

- Helping students, graduates and OU employees start their businesses
- Offering financial, legal and economic counsel
- Renting out office spaces
- Offering innovation-oriented counselling for businesses
- Helping students develop their entrepreneurial skills

- Networking – organising training sessions and networking meetings for companies
- Carrying out various projects
